“

I consistently recommend this conference to other peers who do not regularly attend. I find the session topics relevant and insightful. There are also networking opportunities that allow me to meet with industry peers and carriers.”

“

The Forum provides the opportunity to efficiently meet with brokers and insurers. We met with 40+ insurers over three days ... we attend annually and plan to continue to do so.”

“

The networking opportunities both with brokers and other banks were incredibly valuable. It was also important to meet with insurers that we don't typically interact with in person.”
